

# US 301 Study

## Public Workshops

As Hillsborough County continues to grow, many of the new residents are moving to eastern and southern portions of the county. This growth is putting a burden on the roads in these areas. In response, the Hillsborough County Board of County Commissioners and the Tampa Hillsborough Expressway Authority (THEA) Board of Directors voted unanimously in June 2023 for THEA to conduct a Project Development and Environment Study (PD&E) for the US 301 corridor, from the Selmon Expressway to south of Big Bend Road. This PD&E study will identify needs, evaluate alternatives, calculate costs, and identify potential impacts of adding capacity on US 301 to alleviate congestion on US 301, I-75, and surrounding local roads.
